- On-site Support

Services

Project Management

ÿ Put a dead line to a dream. and it's a goal,break it down into a time-line and delegates,it's a plan. This is how we see and deal with each project we are into.

24/7 Online support

ÿ Thanks to modern technology,Internet and GSM have enabled our team to check all digital signage networks online. thereby allowing us to take instant action, if needed,to guarantee the flow of communication.

24/7 On-site support

ÿ Non - operating screens or defected ones are useless. So Rainbow LED on-site support team are always in the field ready with equipment and spare part, making sure none of our customer's digital signs are defected.
